A HERETIC.

So the Methodist Council Decides Rev. Thomas, but They Will Not Burn

Sycamore, I.I., Oct. 11.—Dr. Thomas was suspended from the church by the jury, last night. They assembled at about 7:30 o'clock and were in secret session for nearly four hours. Six ballots were taken, two on the two charges and four on the three specifications. The first specification, in which Dr. Thomas was charged with denying the inspira-tion and authority of certain of the ca-nonical books of the old and new Testaments was not sustained. All the char ges were sustained, as well as the second and third specifications. In the second specification Dr. Thomas was charged with denying the doctrine of atonement, as taught in the second and twelfth articles of religion, and in the third specification he was charged with teaching the theory of probation after death for those who die in sin. This verdict, which probably will not be known by Dr. Thomas until morning, will be no surprise to him for he anticipated it. The verdict of this committee is final, so far as the jurisdiction of the Rock River Conference jurisdiction of the Rock River Conference is concerned. Unless Dr. Thomas should change his mind he will take an appeal to the next higher court, the Judicial Conference, and in case of any decision there should be against him he can carry certain points of the case up to the General Conference which meets in 1884. In eral Conference which meets in 1884. In order to secure this privilege he must abstain from preaching during the intervening space of time. Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases caused by derangement of the stomach, liver, and bowels, which require prompt and effectual treatment. Aven's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel or any injurious properties, and can be administered to children with perfect safety.
